Certified Peer Program Educator (CPPE) Renewal Form

Mission: The National Association of Peer Program Professionals (NAPPP) helps adults establish, supervise, maintain, and evaluate peer programs so that trained peers may help each other with maximum effectiveness.

PURPOSE: Recognizing the expanding role of the peer program educator in schools and communities and the increasing importance of professional development, NAPPP has established a voluntary national certification program. This program identifies a certifiable level of experience and expertise in the administration and/or operation of peer programs. Individuals who attain these levels and who complete the certification process may then claim the designation, Certified Peer Program Educator (CPPE).

OBJECTIVES: Within the field of peer programs this certification program intends: • To promote professional standards, practices and ethics; • To encourage self-assessment by offering guidelines for achievement; • To improve performance by encouraging participation in a continuing program of professional growth and development; • To acknowledge a level of educational training essential for effective peer program administration and/or operations; • To foster professional contributions to the field; • To maximize the benefits received by the peer program community from the leadership provided by certified peer educators.

You must be a member in good standing of NAPPP and show continued growth and development in Peer Programming by completing the information below and submit it along with the renewal fee of $20.00. A CPPE renewal, who is not a current member of NAPPP, may include an application for membership renewal along with appropriate renewal fees, concurrently with the CPPE renewal.
