Certified Peer Program (CPP) Renewal

Vision: Establishing a culture of people helping people.

Mission: The National Association of Peer Program Professionals helps adults establish, train, supervise, maintain and evaluate peer programs.

PURPOSE: Recognizing the expanding role of the peer programs in schools and communities and the increasing importance of professional development, NAPPP has established a voluntary national certification program. This program identifies a certifiable level of adherence to the NAPPP Programmatic Standards. Programs that attain these levels and complete the certification process may then claim the designation, Certified Peer Program (CPP).

OBJECTIVES: Within the field of peer programs this certification program intends:
• To promote professional standards, practices and ethics;
• To encourage self-assessment by offering guidelines for achievement;
• To improve performance by encouraging participation in a continuing program of professional growth and development;
• To acknowledge a level of educational training essential for effective peer program administration and/or operations;
• To foster professional contributions to the field;
• To maximize the benefits received by the peer program community from the visibility and credibility provided by the CPP.

1. To continue their certification, the program will pay an annual $50.00 renewal fee and report on their program’s continuing professional growth and development.
